1. In accordance with the references, the following historical diary for the month of June, 1951, is submitted herewith.

2. On 1 June 1951, the battalion moved from an assembly area near Orin-Ni, Korea (DT1797M) to an assembly area at DT1314X. The following day the battalion was designated regimental reserve. On 3 June, the battalion moved to a reserve assembly area at DT1512CLMST - 1619PQMB - 1620U - 1520TSW and remained there through 5 June 1951. On 6 June 1951, the battalion attacked and seized objectives XRAY, YOKE and ZEBRA against determined resistance. The battalion dug in on objective ZEBRA and remained there through 7 June. On 8 June 1951, elements of the 5th ROKA Regiment relieved the battalion and the battalion moved to an assembly area at DT1221A. On 9 June 1951, the battalion attacked and seized objectives 1, 3 and 5 and dug in at DT1225ELHMRWX. On 10 June 1951, the battalion attacked and seized objectives 7, 4 and 8 and dug in on objective 8. On 11 June 1951, the battalion attacked and seized objective 10 and patrolled to hill 756 (DT1025). A defensive position was established at DT112720 - 1227KLME. The battalion con-
Subj: Historical Diary for the month of June, 1951; submission of consolidated on position through 12 June 1951 and continued patrolling to the front and flanks. On 13 June the battalion attacked and seized objective 11 and 14 and patrolled to objective 12. The battalion front was established from DT127TO to 1227KLMNT to 1327ABCCHG. The ground seized by the battalion during the period 9-13 June was believed defended by a North Korean Battalion. From 14 June 1951 to 28 June 1951, the battalion occupied approximately the same defensive positions taken on 13 June 1951 and patrolled to the front and flanks. Work continued on the position throughout the period. Wire and mines were installed. Patrols to the front sighted and fired upon occasional small enemy groups and received intermittent mortar and artillery. On 20 June 1951, the battalion front was extended to the right in order to establish physical contact with the 2nd Battalion. On 23 June 1951, "A" Company was relieved by elements of the 3rd Battalion, 7th Marines and moved to a reserve assembly area at DT1227RN. On 24 June 1951, "A" Company relieved "D" Company, 2nd Battalion, 1st Marines. On 27 June 1951, "H" Company was attached to the battalion and relieved "C" Company, which moved to a reserve assembly area at DT1324R. On 29 June 1951, the battalion was relieved by the 3rd Battalion, 1st Marines and moved to a reserve assembly area at DT1324R. The battalion remained in this reserve assembly area through 30 June 1951.

CHRONOLOGICAL RECORD OF EVENTS:

1 June 1951 - The battalion displaced by truck from an assembly area near Orin-Ni, Korea (DT1797M) to a new assembly area at DT1314K. The last elements of the battalion closed the new area at 2315.

2 June 1951 - The battalion was designated regimental reserve and alerted to move to the best ground in DT1618. The following enemy equipment was captured during the day in the battalion area: seventy-five (75) rifles, two (2) light machine guns and one (1) 81mm mortar, Two (2) Chinese and two (2) North Korean prisoners of war were taken in the battalion area.

3 June 1951 - The battalion began displacement at 0800 to a new assembly area at DT1617BMFL and closed the new area at 1100. At 1630, the battalion displaced again to another assembly area at DT1519BCLMVST to 1619BQMSR to 1620U to 1520TSW. The last elements of the battalion closed the new area at 1830.

4 June 1951 - The battalion continued to organize the assembly area for defense against enemy attack and patrolled in the rear of the 2nd and 3rd Battalions. "A" Company patrolled to DT1320B, "B" Company patrolled to DT1419M and "C" Company patrolled to DT1521A. All patrols returned without enemy contact.

5 June 1951 - Regimental Operations Plan 6-51 assigned the battalion the mission of seizing the high ground at DT1022. A reconnaissance of the terrain in this area was made by the battalion command group. "B" Company was placed under the operational control of the 3rd Battalion and moved to a defensive position at DT1200.

6 June 1951 - The battalion attacked in zone at 0825. "B" Company attacked and seized objective XRAY at 0840 and objective YOKE at 1335. "C" Company attacked and seized objective ZEBRA at 1915. The enemy force to the front of
the battalion was believed to be two (2) North Korean Companies of infantry. The enemy was well dug in in log and earth bunkers and utilized small arms, automatic weapons, mortar and artillery fire to repel the assaulting companies. Seventy-four (74) enemy dead were counted during the day and the following equipment was captured: fifteen (15) sub-machine guns ("burp" guns), twenty-one (21) M1 rifles, eight (8) carbines and fourteen (14) cases of 57mm recoilless rifle ammunition. Four (4) North Korean prisoners were taken. Eight (8) Marines were wounded.

7 June 1951 - The battalion consolidated on position. "C" Company received a small probing attack by an estimated enemy squad at 0400, which was repulsed.

8 June 1951 - At 1520, the battalion was relieved by elements of the 5th ROKA Regiment and moved to an assembly area at DT 1221A. Orders were received from the 1st Marines to be prepared to attack and seize that portion of objective ABLE in zone and to be prepared to continue the advance to objective BAKER on order. Three (3) men were wounded by enemy mortar fire before the battalion had been relieved. Seven (7) cases of 82mm mortar ammunition were found in the area occupied by "A" Company. One (1) North Korean prisoner was taken during the day.

9 June 1951 - The battalion attacked at 0935 and seized objective 1 at 1030, objective 3 at 1445 and objective 5 at 1655 and dug in for the night at DT 1326E4D5L2-H1M1L2W2K1Y4. Intermittent artillery and mortar fire was received in the battalion area throughout the period. Thirty (30) enemy dead were counted during the day. Fifteen (15) Marines were wounded by enemy small arms, mortar and artillery fire.

10 June 1951 - The battalion attacked at 1340 and seized objective 7 at 1530, objective 4 at 1650 and objective 8 at 2100 and then dug in for the night on objective 8. Objectives 4 and 8 were defended by an estimated North Korean Company. They were well dug in and offered very strong resistance to the advance of the assault companies. The assault companies

advanced through intense small arms and automatic weapons fire and the enemy made very effective use of his mortars and hand grenades. The North Koreans had selected the terrain that they would defend very wisely and had organized their positions well. They fought tenaciously and gave up ground only after the most determined attack. Thirty-six (36) enemy dead were counted during the day and nine (9) Marines were killed and ninety-three (93) were wounded during the day's operations.

11 June 1951 - The battalion attacked at 1045 and seized objective 10 at 1309. "A" Company patrolled to DT1126Bl and received automatic weapons fire from hill 756 (DT1025). A defensive position was established at DT1127T42-1227-K12M2L2E4. Fourteen (14) enemy dead were counted during the day. Three (3) North Korean prisoners were taken. No Marines wounded.

12 June 1951 - The battalion consolidated its position and sent two (2) company size patrols to the front. "A" Company patrolled to objective 14 and received automatic weapons fire from the area North of the 3rd Battalion. "C" Company patrolled to DT122SM5 without enemy contact. A patrol from the 5th ROKA Regiment on the left made contact with the battalion at 1100. Eight (8) to ten (10) rounds from an enemy high velocity weapon were received at 1950. Sightings during the day included two (2) tracked vehicles, ten (10) trucks and a convoy of approximately seventy (70) vehicles.

13 June 1951 - The battalion attacked at 0900 and seized objective 14 at 0930 and objective 11 at 1037. "A" Company sent a patrol to objective 12. The battalion front was established from DT1127T0 to 1227KLMNT to 1327ABCHG. Five (5) prisoners of war were taken and small enemy groups were sighted to the battalion front during the day.
CHRONOLOGICAL RECORD OF EVENTS:

14 June 1951 - The battalion improved its defensive position and patrolled aggressively throughout the day. A "C" Company patrol contacted the 3rd Battalion on the right. "A" Company patrolled to objective 12 without enemy contact. Another "A" Company patrol received mortar fire at DT1129MR. This patrol reported two (2) enemy Platoons were located at DT1134L and artillery was called on them. At 2255, a group of about ten (10) enemy soldiers approached the battalion positions at DT1228 but they were driven off by friendly artillery fire.

15 June 1951 - The battalion continued to improve defensive positions and patrolled to the front and flanks. A patrol contacted the 3rd Battalion. An "A" Company patrol went to objective 12 and returned. "B" Company sent a patrol to DT1029. This patrol received mortar fire at DT1029 and DT1030 but received no casualties.

16 June 1951 - The battalion continued to improve defensive positions and patrolled to the front and flanks. A "C" Company patrol contacted the 3rd Battalion. The Anti-Tank Assault Platoon patrolled 1500 yards ahead of the front lines. "A" Company patrolled to DT1129A and remained in observation for two (2) hours. None of the patrols made enemy contact.

17 June 1951 - The battalion continued work on defensive positions and patrolled to the front and flanks. A "C" Company patrol contacted the 3rd Battalion at 0400 and 0735. "B" Company patrolled to DT1029 and 1129A and contacted a ROKA patrol at objective 11. This patrol remained in observation for one and one-half (1½) hours. "A" Company patrolled to DT1229B and sighted fifteen (15) to twenty (20) enemy at DT1230K.

18 June 1951 - The battalion continued work on defensive positions and patrolled to the front and flanks. "C" Company patrolled to the 3rd Battalion at 0815 and 2400. "A" Company patrolled to DT1126A and DT1130 and remained in observation for one and one-half (1½) hours. Four (4) civilians and twenty-seven (27) enemy were sighted at DT1030. 1. (a) The ground directly to the front of battalion position is occupied by elements of the 1st Regt, 15th Div, III MK Corps. The three Bns of this regiment are in well fortified defensive positions in the general areas shown (see Annex Baker). They are supported by 76.2mm arty and 82mm mortars and sporadic fire from these weapons and has been received along friendly lines in this area. The enemy units are reported to be well under organized strength, averaging 150 men per Bn, and low morale is indicated by the large number of POW's recently received through friendly lines. Friendly patrols have ranged 1000 to 1500 meters in front of lines and recently made contact with enemy at points indicated. See Annex Baker. Although the enemy has maintained a defensive attitude reserve forces are of sufficient strength to launch an attack.

2. (a) 1st Bn, 1st Marines (Reinf) moves on order and initiates relief of 3rd Bn, 1st Marines (Reinf) and assumes responsibility for present 3rd Bn, 1st Marines sector. Be prepared to carry out any fu-
ture operations on order. Repel all enemy attacks. Improve present defensive positions, while maintaining aggressive patrolling to the front.

(b) For boundaries and limiting points see Annex Able - Opn overlay.

3. (a) A Co (Reinf) on order move as directed by marching, motor march or combination of these means and initiates relief of I Co, 3rd Bn, lst Marines within its assigned sector. See Annex Able - Opn Overlay.

(b) B Co (Reinf) on order move as directed by marching, motor march or combination of these means and initiates relief of G Co, 3rd Bn, lst Marines within its assigned sector. See Annex Able - Opn Overlay.

Patrol Reports

Summary of Patrol Operation of Helicopter Lift

At 221351, two hundred and ten (210) marines from Co's "A" and "B", 1st Battalion, 1st Marines began their sweep westward from designated baseline to the MFR. The personnel for this operation were lifted in thirty-six (36) flights from loading points and landed at eighteen (18) selected landing sites along the baseline. They moved out in eighteen (18) coordinated patrols of ten (10) or twelve (12) men each. Each patrol carried an SCR-300 radio.

Enemy contact for the operation was negative.

A friendly contact was made by Bker No. (7) patrol at 1250 with a platoon size ROMA outpost located at DT 365487.

There were four (4) friendly casualties - all minor. Two marines received minor shrapnel wounds from a booby trapped fragmentation grenade, but they were able to continue with the patrol. One marine, bruised and shocked in the descent on a landing rope, was evacuated by helicopter from DT 371372 at 1250. A corpsman who bruised his ankle enroute was able to continue with the patrol.

All patrols were, for the most part, able to maintain contact and coverage of the area was very thorough. Signs of recent activity were encountered at DT 341364, DT 327372, and DT 365373. In each case huts and shelters found at these locations were destroyed, and it was noted that some small arms ammunition exploded as the shelters burned. Quantities of abandoned 60mm and 81mm mortar ammunition were seen in the vicinity of DT 337426.

First patrol returned to control points at 221700I. By 1900 all patrols but one (1) had reported in. This patrol was on the extreme southern flank of the operation. Due to difficult terrain they were unable to complete their patrol before darkness. They bivouacked for the night at DT 356726 and reported to company control point early the morning of the 23rd. They reported finding one (1) dead NK killed by a booby trap at DT 358329.

All platoon leaders and members of the lift were well impressed with the operation, and expressed opinions that an operation of this type would be tactically sound, in that it contained a great element of surprise.
Patrol Report 14 October - 23 October 1951 - 1st Battalion, 1st Marines dispatched Platoon (Reinf) patrol and working parties to patrol and work on the helicopter strips and improve the Kansas line. Patrols would leave battalion area DT 362399 at 0700 and proceed by motor to Simjung, DT 269339. They worked on helicopter strips located at DT 261336, completing strips started by units from the Shore Party Battalion. Other units of the patrol worked on defensive positions on the Kansas Line, DT 265337 and DT 265241. At 1600, the patrols returned to base.

Patrol Report 30 October 1951

1. Raiding force consisted of 1st Platoon, Company C. Commanded by Lt. N. J. Shepperd, with the 3rd Section of Heavy Machine Guns. Raiders left friendly lines at 0500. At 0600 HMG security forces were emplaced to protect flanks and deliver overhead fire. DT 323470.

2. At 0615, the raiding force crossed the valley in front of friendly lines after artillery preparation, moved up the nose at DT 321483. On top of the nose they made contact with thirty (30) to forty (40) enemy in small groups. They immediately directed fire into the enemy in small groups, wounding and killing the groups. The raiders moved aggressively down the ridge line throwing fragmentation and incendiary grenades into twenty-five (25) bunkers. At DT 319482, the raiders were pinned down by enemygrenades, small arms and automatic weapons fire. Heavy machine gun fire was directed into the enemy position permitting the raiding force to move into defilade. Artillery and mortar fire was directed onto the forward and reverse slopes of the ridge line effectively covering the withdrawal of the raiders back to friendly lines. Raiders returned to base at 0935.
